English

ABOUT ME

I am a motivated, enthusiastic, and well-organized Front-End developer, with a keen eye for developing a clean and artful web design that gives the user an easy-to-use experience. I like to write a reusable. Tested and Well-documented code that makes it easy for my team to deal with. I always try to better myself with every project I work on.

EXPERIENCE

Front End Developer - NexaBuild Jan / 2024 - present

- Spearheaded the development of responsive and visually appealing user interfaces for NexaBuild's web applications.
- Collaborated with cross-functional teams, including designers and back-end developers, to ensure seamless integration of front-end and back-end components.
- Utilized modern web development tools and frameworks such as ReactJS and Next.JS to enhance and ensure adherence to industry best practices.

Junior Front End - Freelance Mar / 2021 - Jan / 2024

- Engaged with multiple companies to deliver tailored front-end solutions, contributing to the success of diverse projects.
- Cooperate with the company team to complete an existing project and ensure it satisfies the client's needs.
- Successfully completed multiple freelance projects for clients in diverse industries, showcasing adaptability and versatility.
